

# WEECO Training

For Producers and Business End Users

## WEEE Regulations

The WEEE (Waste Electrical Electronic Equipment) Directive was incorporated into UK Law on 2nd January 2007 and it requires all Producers of EEE (Electrical Electronic Equipment) who are Manufacturers, Importers and/or Re Branders, to register with a Producer Compliance Scheme. It also requires Business End Users of EEE to ensure environmentally sound disposal when it has reached its end of life and is discarded as WEEE.

## WEEE Training

Weeeco has designed step by step training modules that give you the tools to meet your obligations within the UK WEEE Legislation. The modules are designed to assist the delegate to implement the appropriate policies and procedures for their organisations. The delegate will also understand how to buy WEEE Care and Compliance Services that are Environmentally Sustainable, Corporate/Socially Responsible and Cost Effective.

## Venues

We have selected quality venues to ensure the best learning environment possible for the delegates.

Newcastle, Leeds, Manchester and Coventry

To be held on various dates throughout June, July, Sep & Oct.

## Price

|                          |               |      |

The logo for Northern Compliance features a stylized, light green 'nc' monogram. Below the monogram, the words 'NORTHERN COMPLIANCE' are written in a bold, green, sans-serif font. A thin green horizontal line is positioned directly under the text. Below this line, the tagline 'A greener solution' is written in a smaller, bold, black, sans-serif font.

**NORTHERN COMPLIANCE**  
**A greener solution**
